The limited warranty covers manufacturing defects that occur during normal product usage.

Examples may include internal hardware failures, defective electronic components, and manufacturing-related functional issues.

3. Warranty Exclusions

The warranty does not cover:

- Accidental or physical damage
- Liquid or water damage
- Unauthorized modifications or repairs
- Damage caused by misuse or negligence
- Normal wear and tear
- Damage caused by improper installation

4. Warranty Claim Requirements

To submit a warranty claim, customers must provide:

- Order ID
- Original purchase invoice

- Product serial number, if applicable
- Description of the issue
- Photographs or videos, if requested

5. Warranty Claim Procedure

Customers should contact ShopAssist customer support and submit the required information.

The support team will verify the warranty period and review the reported issue.

If necessary, the customer may be instructed to send the product to an authorized service center.

6. Repair and Replacement

Eligible warranty claims may result in product repair or replacement following technical inspection.

ShopAssist does not guarantee an immediate replacement before the issue has been verified.

Replacement availability may depend on stock and product compatibility.

7. Warranty Claim Processing Time

Warranty claims are generally reviewed within **3–5 business days** after the required information has been received.

Repair or replacement time depends on the nature of the defect and the availability of replacement components.
